TAX WITHHOLDING ELECTION

Federal law requires us to withhold 10% of the taxable portion of your distribution for federal income tax. You may elect not to withhold or you may elect a higher withholding rate. Even if you elect not to have federal income tax withheld, you may be responsible for paying estimated taxes. You may incur penalties under the estimated tax rules if your payment of estimated tax and withholding, if any, are not sufficient to satisfy your tax liabilities.

Your distribution may also be subject to state income tax withholding. Some states require that state income tax be withheld when federal income tax is withheld. Additionally, some states have minimum withholding requirements. If you live in one of these states, we will withhold state income tax as required by your state. In other states, withholding is voluntary. If you do not make a withholding election, or if you do not specify a withholding amount, we will withhold 10% federal income tax and any required state income tax.

STATE SPECIFIC INSTRUCTIONS:

Arizona residents: If you want to have Arizona taxes withheld, you must submit form A-4P.

Michigan residents: We are required to withhold state income tax from the taxable portion of your distribution, unless you elect not to withhold using Form MI W-4P.

New York residents: If you want to have New York state taxes withheld, you must submit form IT-2104-P. Withholding is only permitted on payments payable over a period of longer than one year.

Please consult your tax advisor for more information on withholding requirements for your state.
